Love ya,

It's really amazing!!

A creature **can** exist, **can** walk with us every day, **can** be at our lunch table, **can** be in a desk nearby, and yet we don't know he is there. But it's true: this Spirit has been with us for a long time—more than half a century—and no one has realized his presence.

Now it's time for him to step into the spotlight—to make his grand entrance!!

Students, faculty, friends of past and present, allow us to present-----

Luther, the Brave, the Spirit of our school.

His name, you might think, is rather obvious. But we named him Luther (Lu for short) because the name means 'illustrious warrior'. We all like to think of our team and even of ourselves once in awhile as illustrious warriors.

Lu has been in the minds and hearts of the men and women who dreamed of a Lutheran high school on Chicago's South Side for over fifty years. But Lu didn't have a home, a real home until South became a reality. We rarely stop to think about him, even though he is with us every day. He has been an indefinite something, a shadow—always present, but never apparent.

Lu has a purpose, too. He, being a part of every one of us, represents our character, our outlook, our ideas, and our ideals to the world.

Now you've met him. We know you'll be good friends.

To Chris,
It was great knowing
you this year. You were
fun in gym. I hope next
year I get you in some of
my classes. Stay as
sweet as you are "RED".

Love

Baby.

To You, the students of Luther South's past, who have set the traditions of our school

- the Christian atmosphere
- the good sportsmanship
- the loyalty to the school

To You, the students of the present, who have given us the many memories we will always treasure

- the pep of the teams
- the worship at chapel
- the hum of activity

To You, the students of the future, to whom we entrust the goals of our school

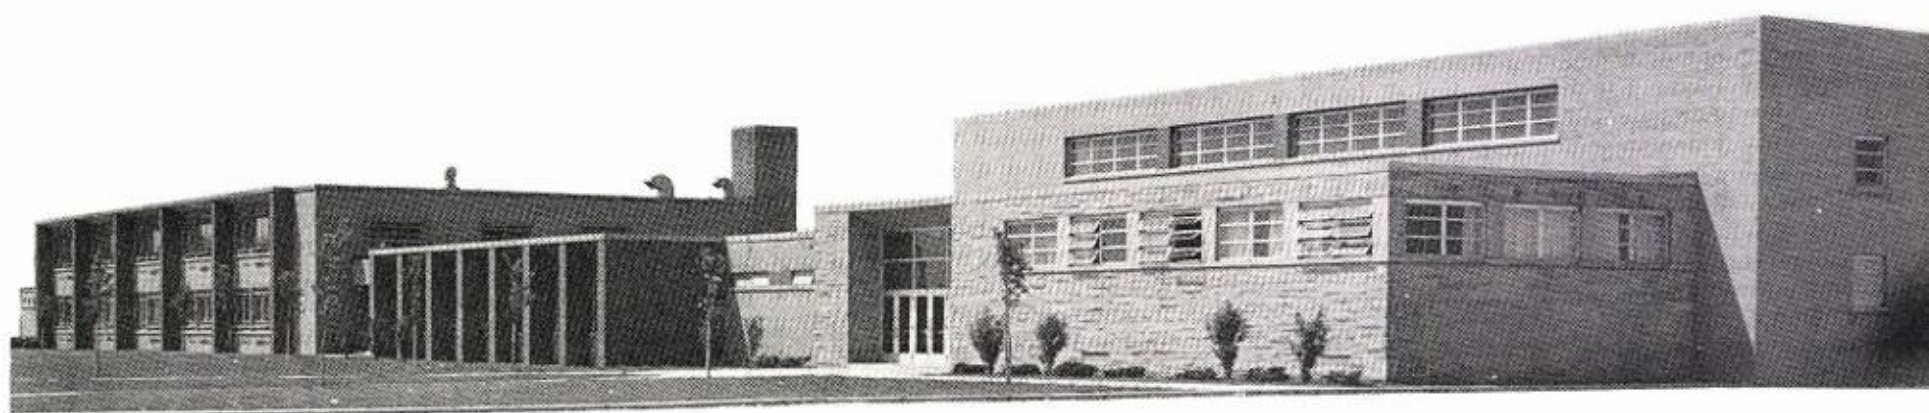

- the training of Christian church workers
- the growth of Christian character
- the development of Christian citizens

We, the class of 1960, dedicate this Yearbook.

EVER VISIT ROOM 211?

That's the guidance office, and if you have ever been there you may have received a bit of the extra help available to students. In this office, under the direction of Mr. Laubenstein, plans are made for college representative visits, career day, scholarships and college entrance tests. For those who might be in need of information on vocational or personal problems, the doors of 211 are also open.

A selected group of seniors and freshmen have found the addition of the reading clinic a most valuable asset. Many college bound students with reading difficulties in speed, comprehension, or otherwise have derived considerable benefit from the able assistance of Mr. Peters. For many of us, it will make our future high school and college homework a little easier because of our improved ability to read the printed page.

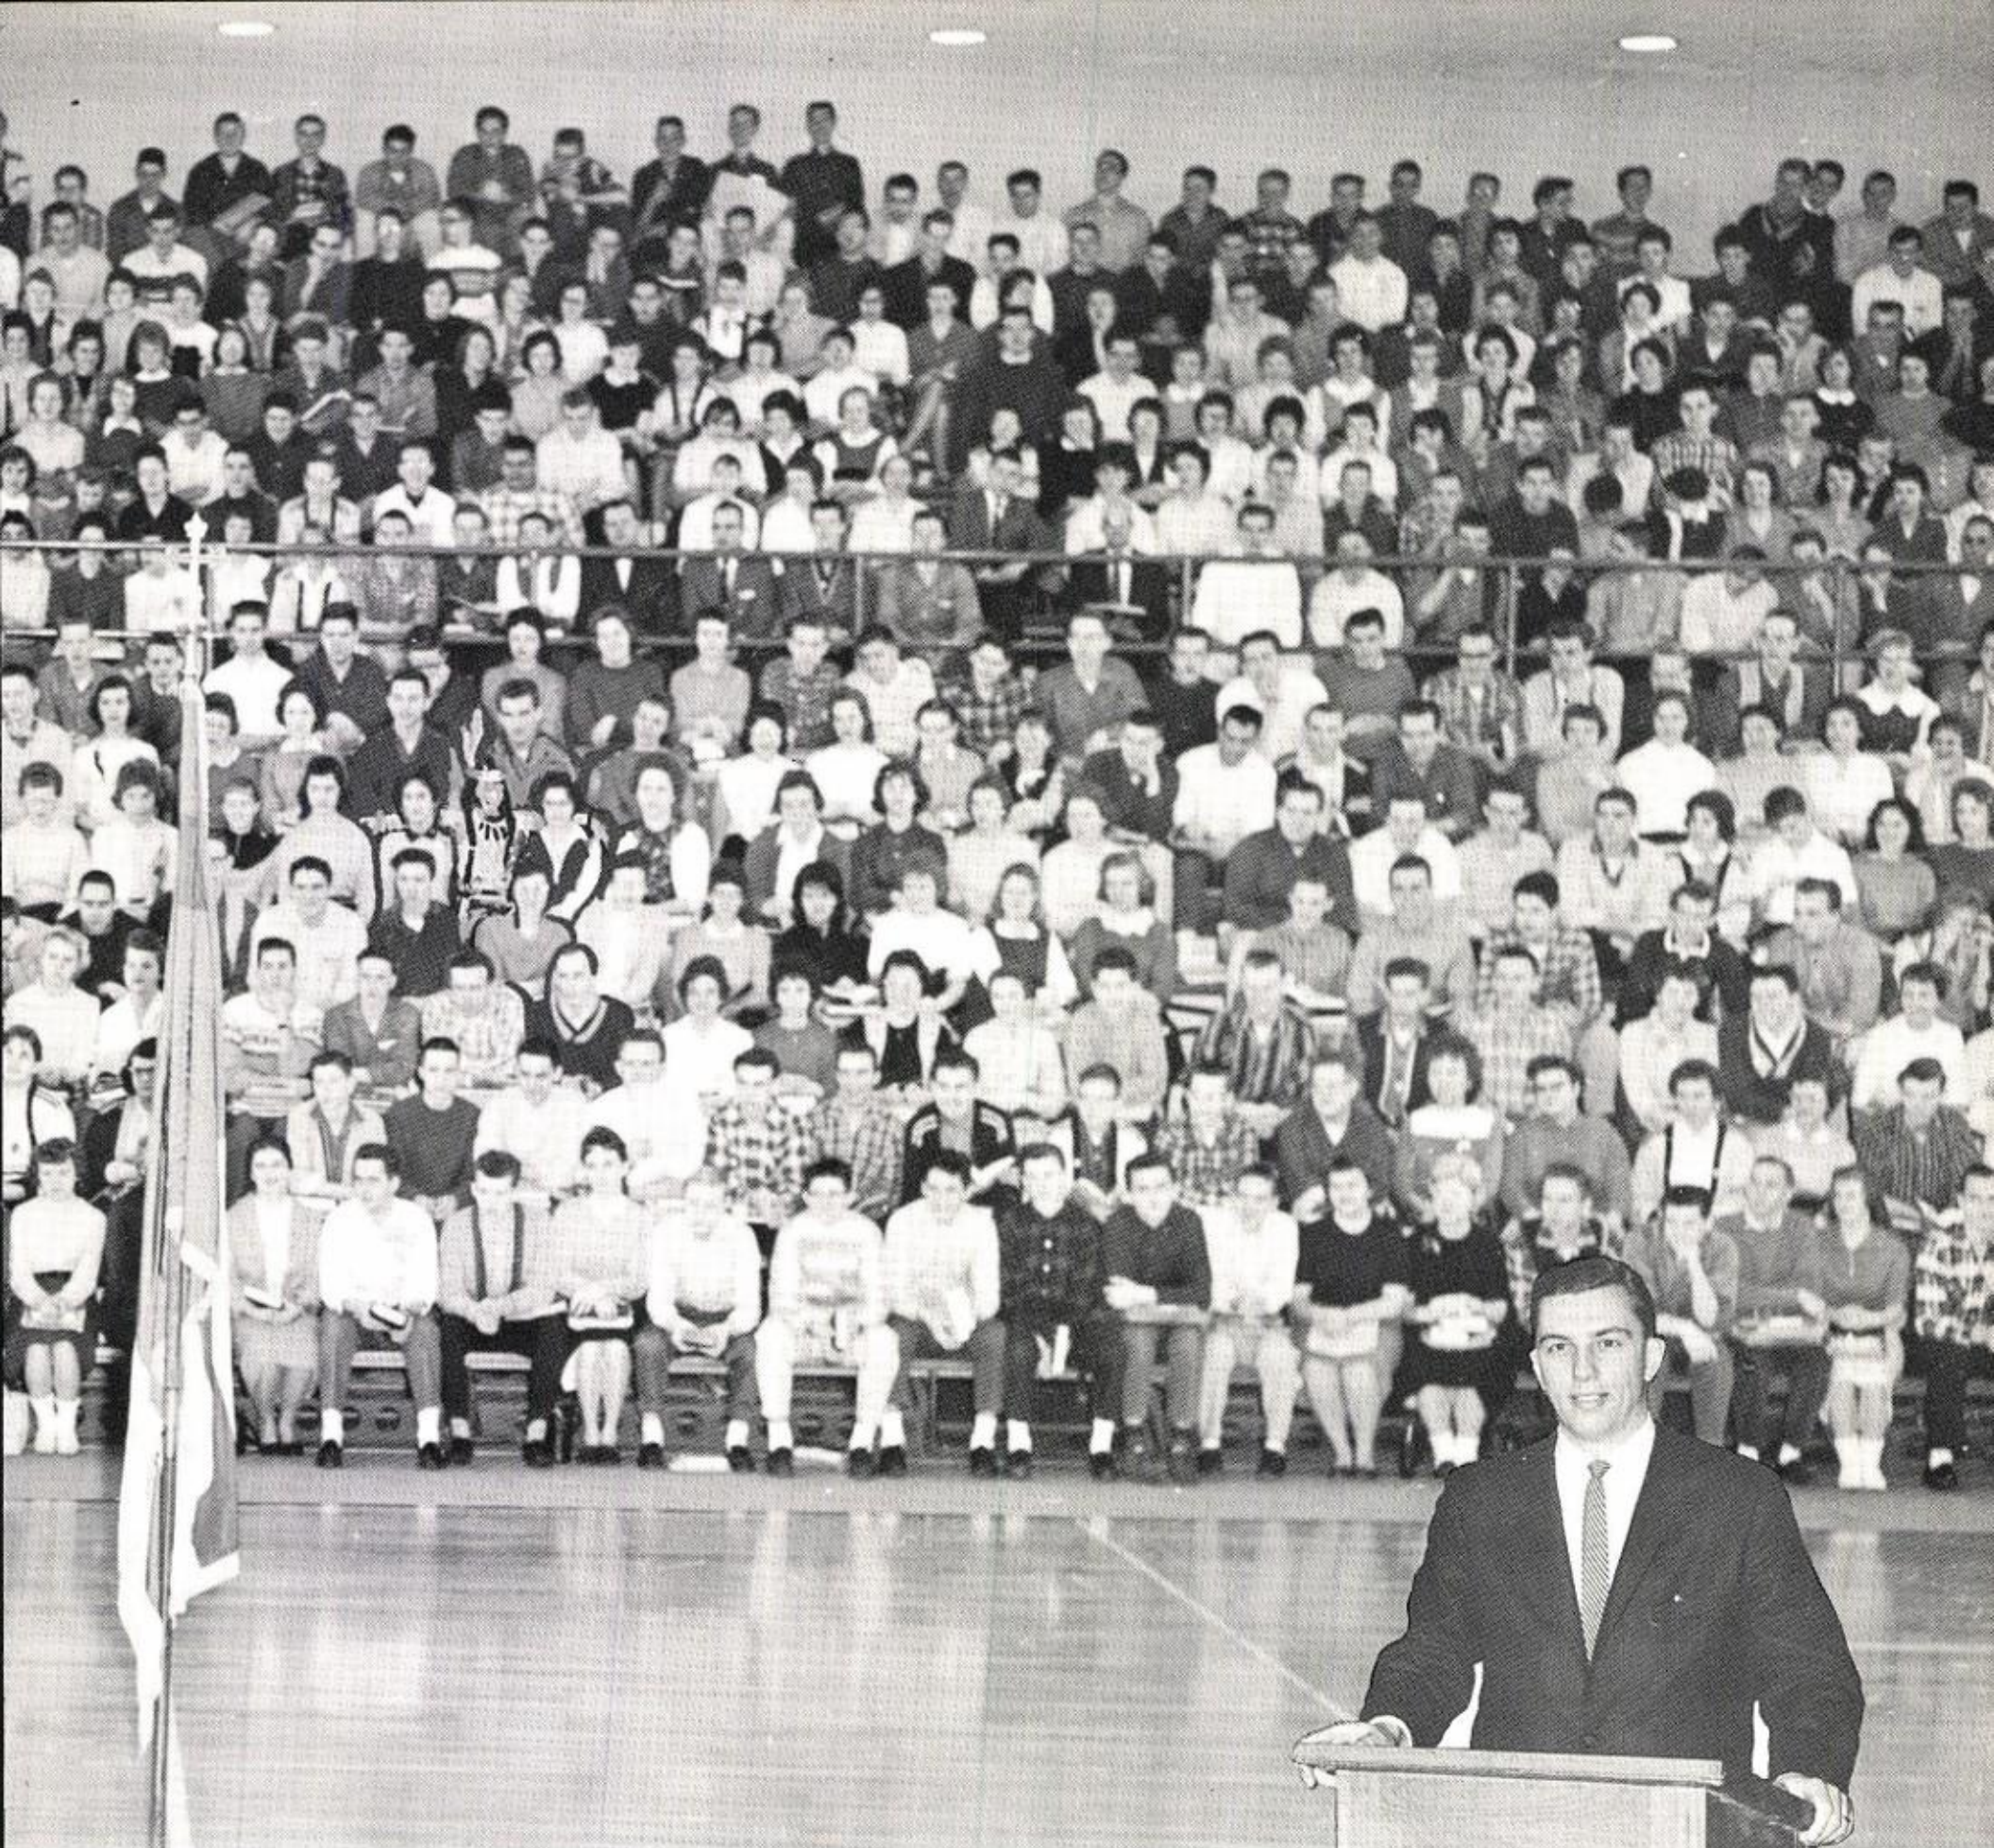

RELIGION

During the four years a student spends at Luther, his program includes studies of the New Testament, the Old Testament, the History of the Christian Church, and finally, a summary of Christian Doctrine.

But religion takes a more vital part in the lives of the students other than being just another subject. As a group, the student body participates in worship services twice a week in the gym, and listens to a ten minute sermonette and a prayer given over the inter-

IN ACTION

communication system at the start of the day. Thanks is offered every day in the cafeteria, and the school day is closed with prayer.

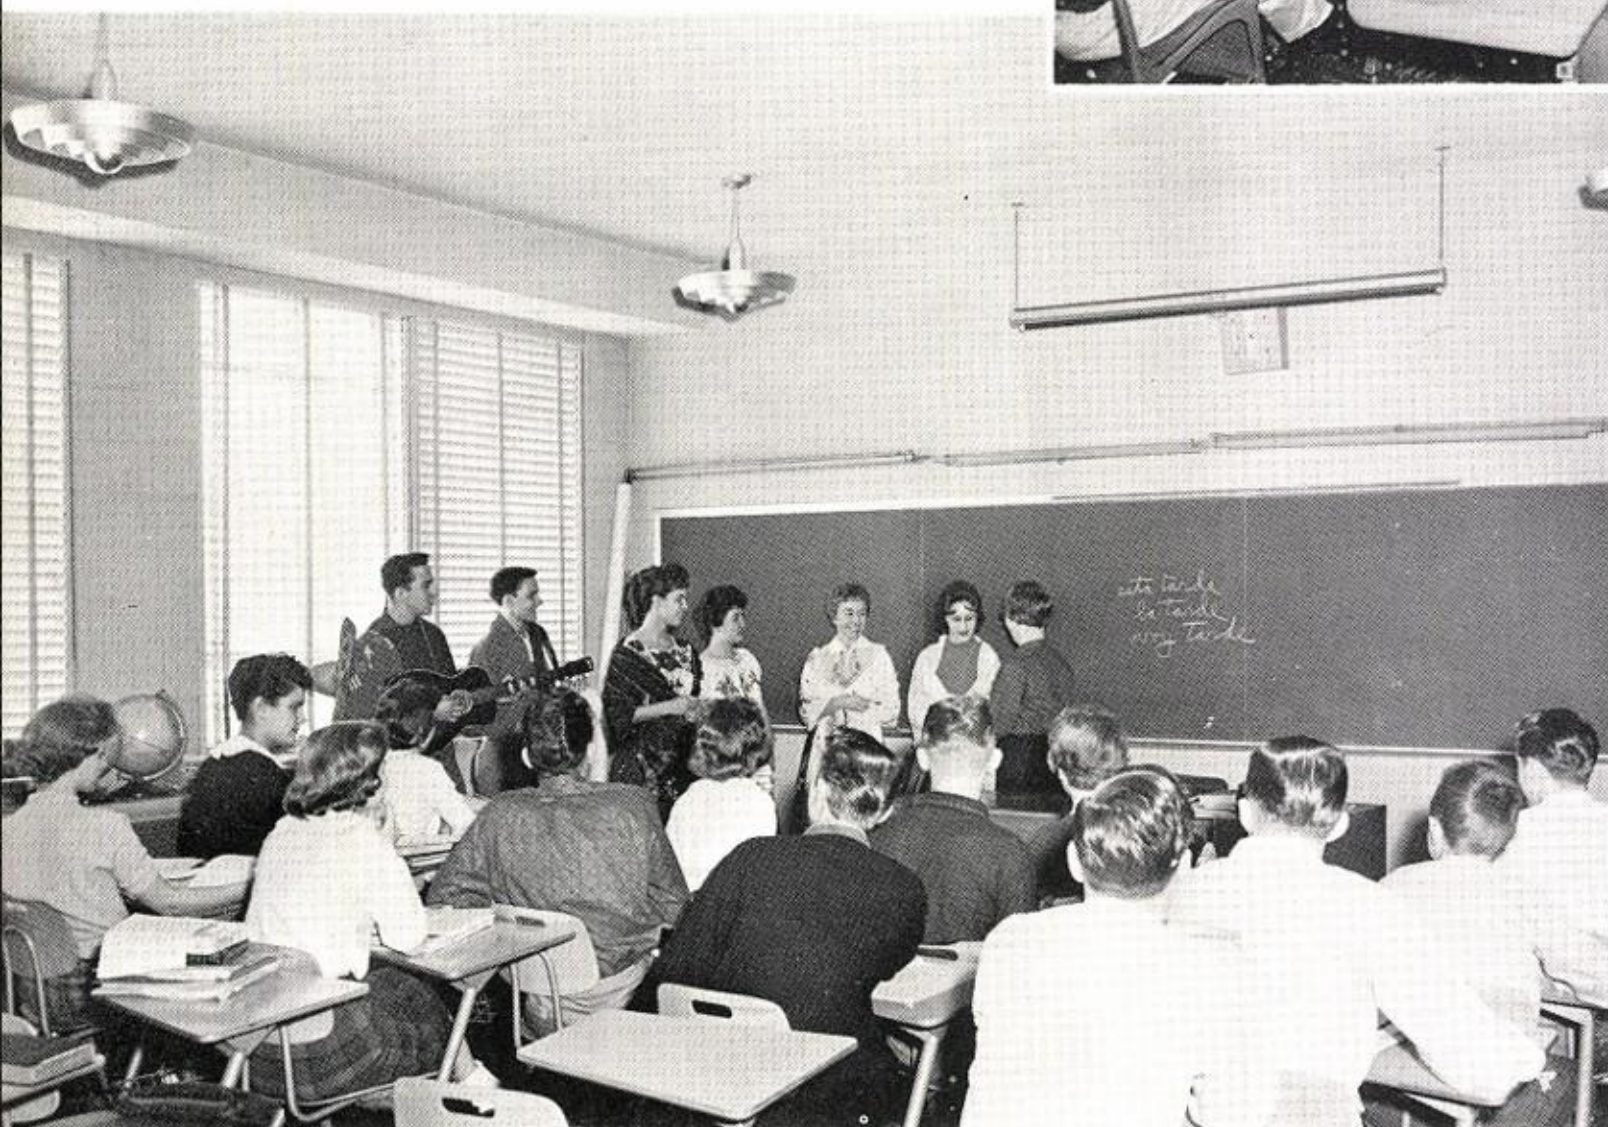

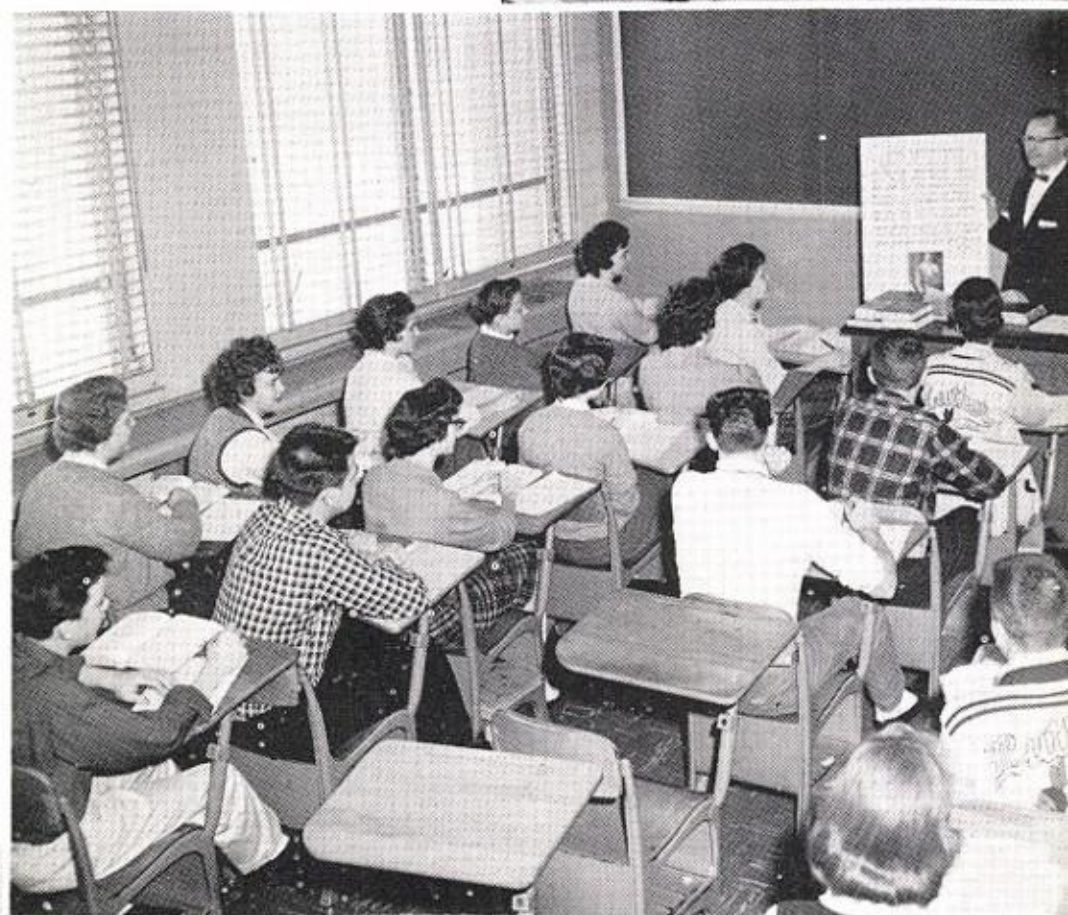

This student has personal opportunities to give action to his religion. The meditation chapel is always open, and in its quiet, beautiful setting both students and instructors find solace and help from God through prayer.

WORDS: OUR HERITAGE

Words are a gift from God which enable man to speak and write his thoughts so that he may convey his ideas to others. What a privilege it is to improve our understanding of this gift! Our language departments here at Luther offer this challenge.

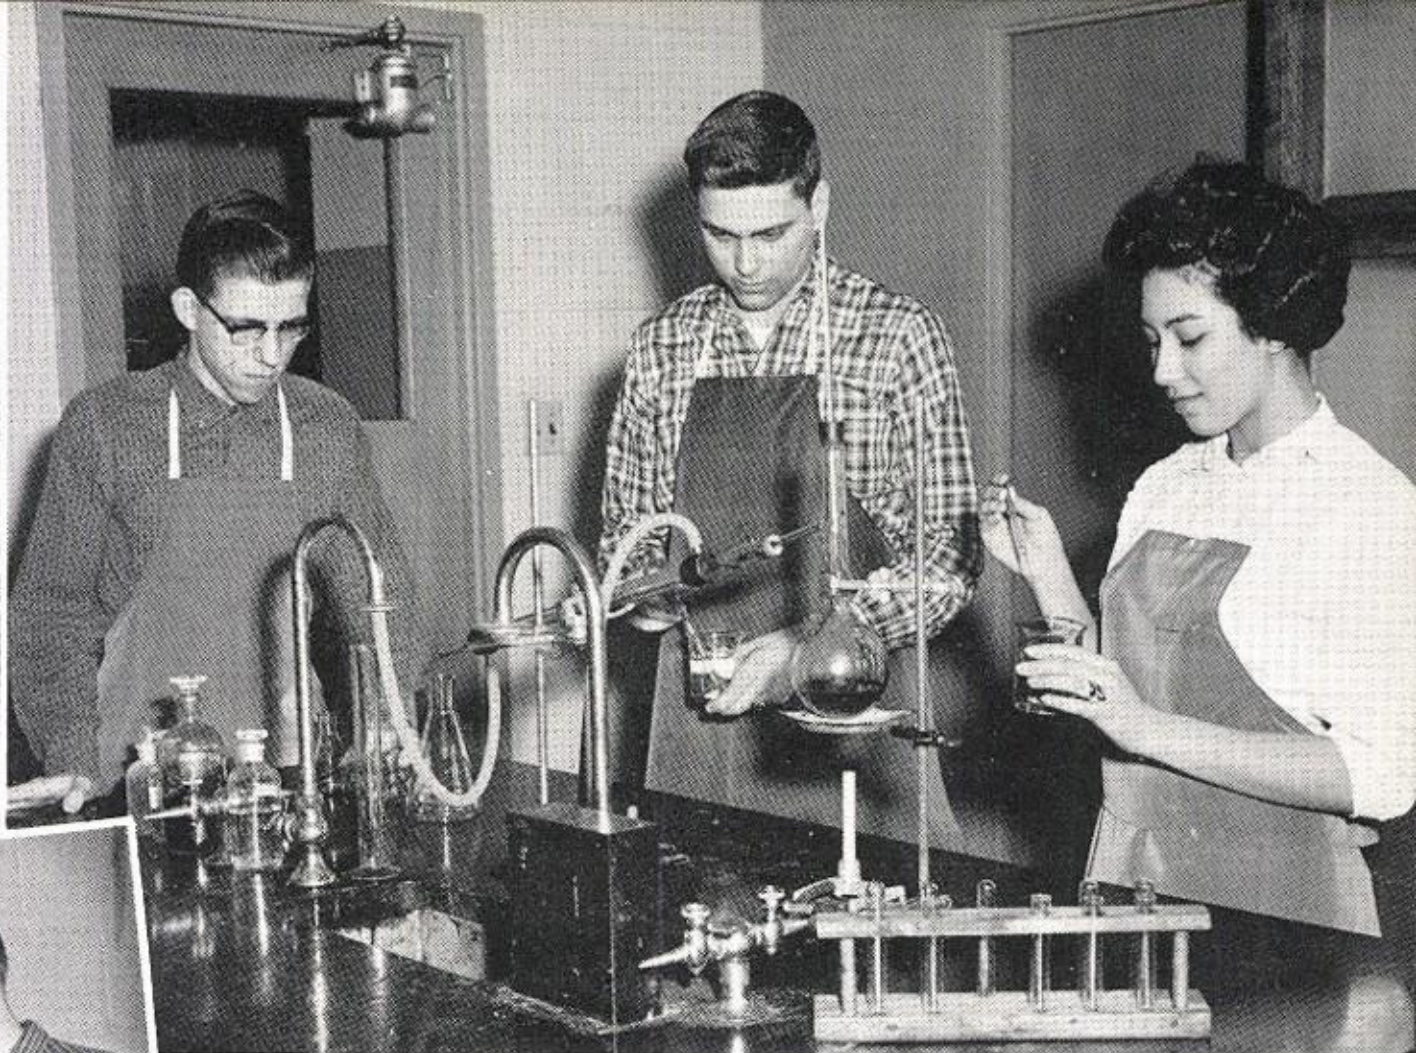

It is an exciting adventure to blaze the trails trod by great American men such as Lincoln, Boone, and Crockett, to follow the blood chilling experiences on board the *Bounty*, to trace clues with Sherlock Holmes in pursuit of the **Purloined Letter**, and to anticipate the tragic ending of Shakespeare's **Macbeth**.

For many students, new horizons have been opened through the study of a foreign language, perhaps while traveling through colorful Spain or Mexico, while exploring the ancient Latin ruins in Rome, or while studying the language of a very intelligent German people. The many students who take advantage of this opportunity are acquainting themselves with their neighbors, for the study of a people's language is the study of the people.

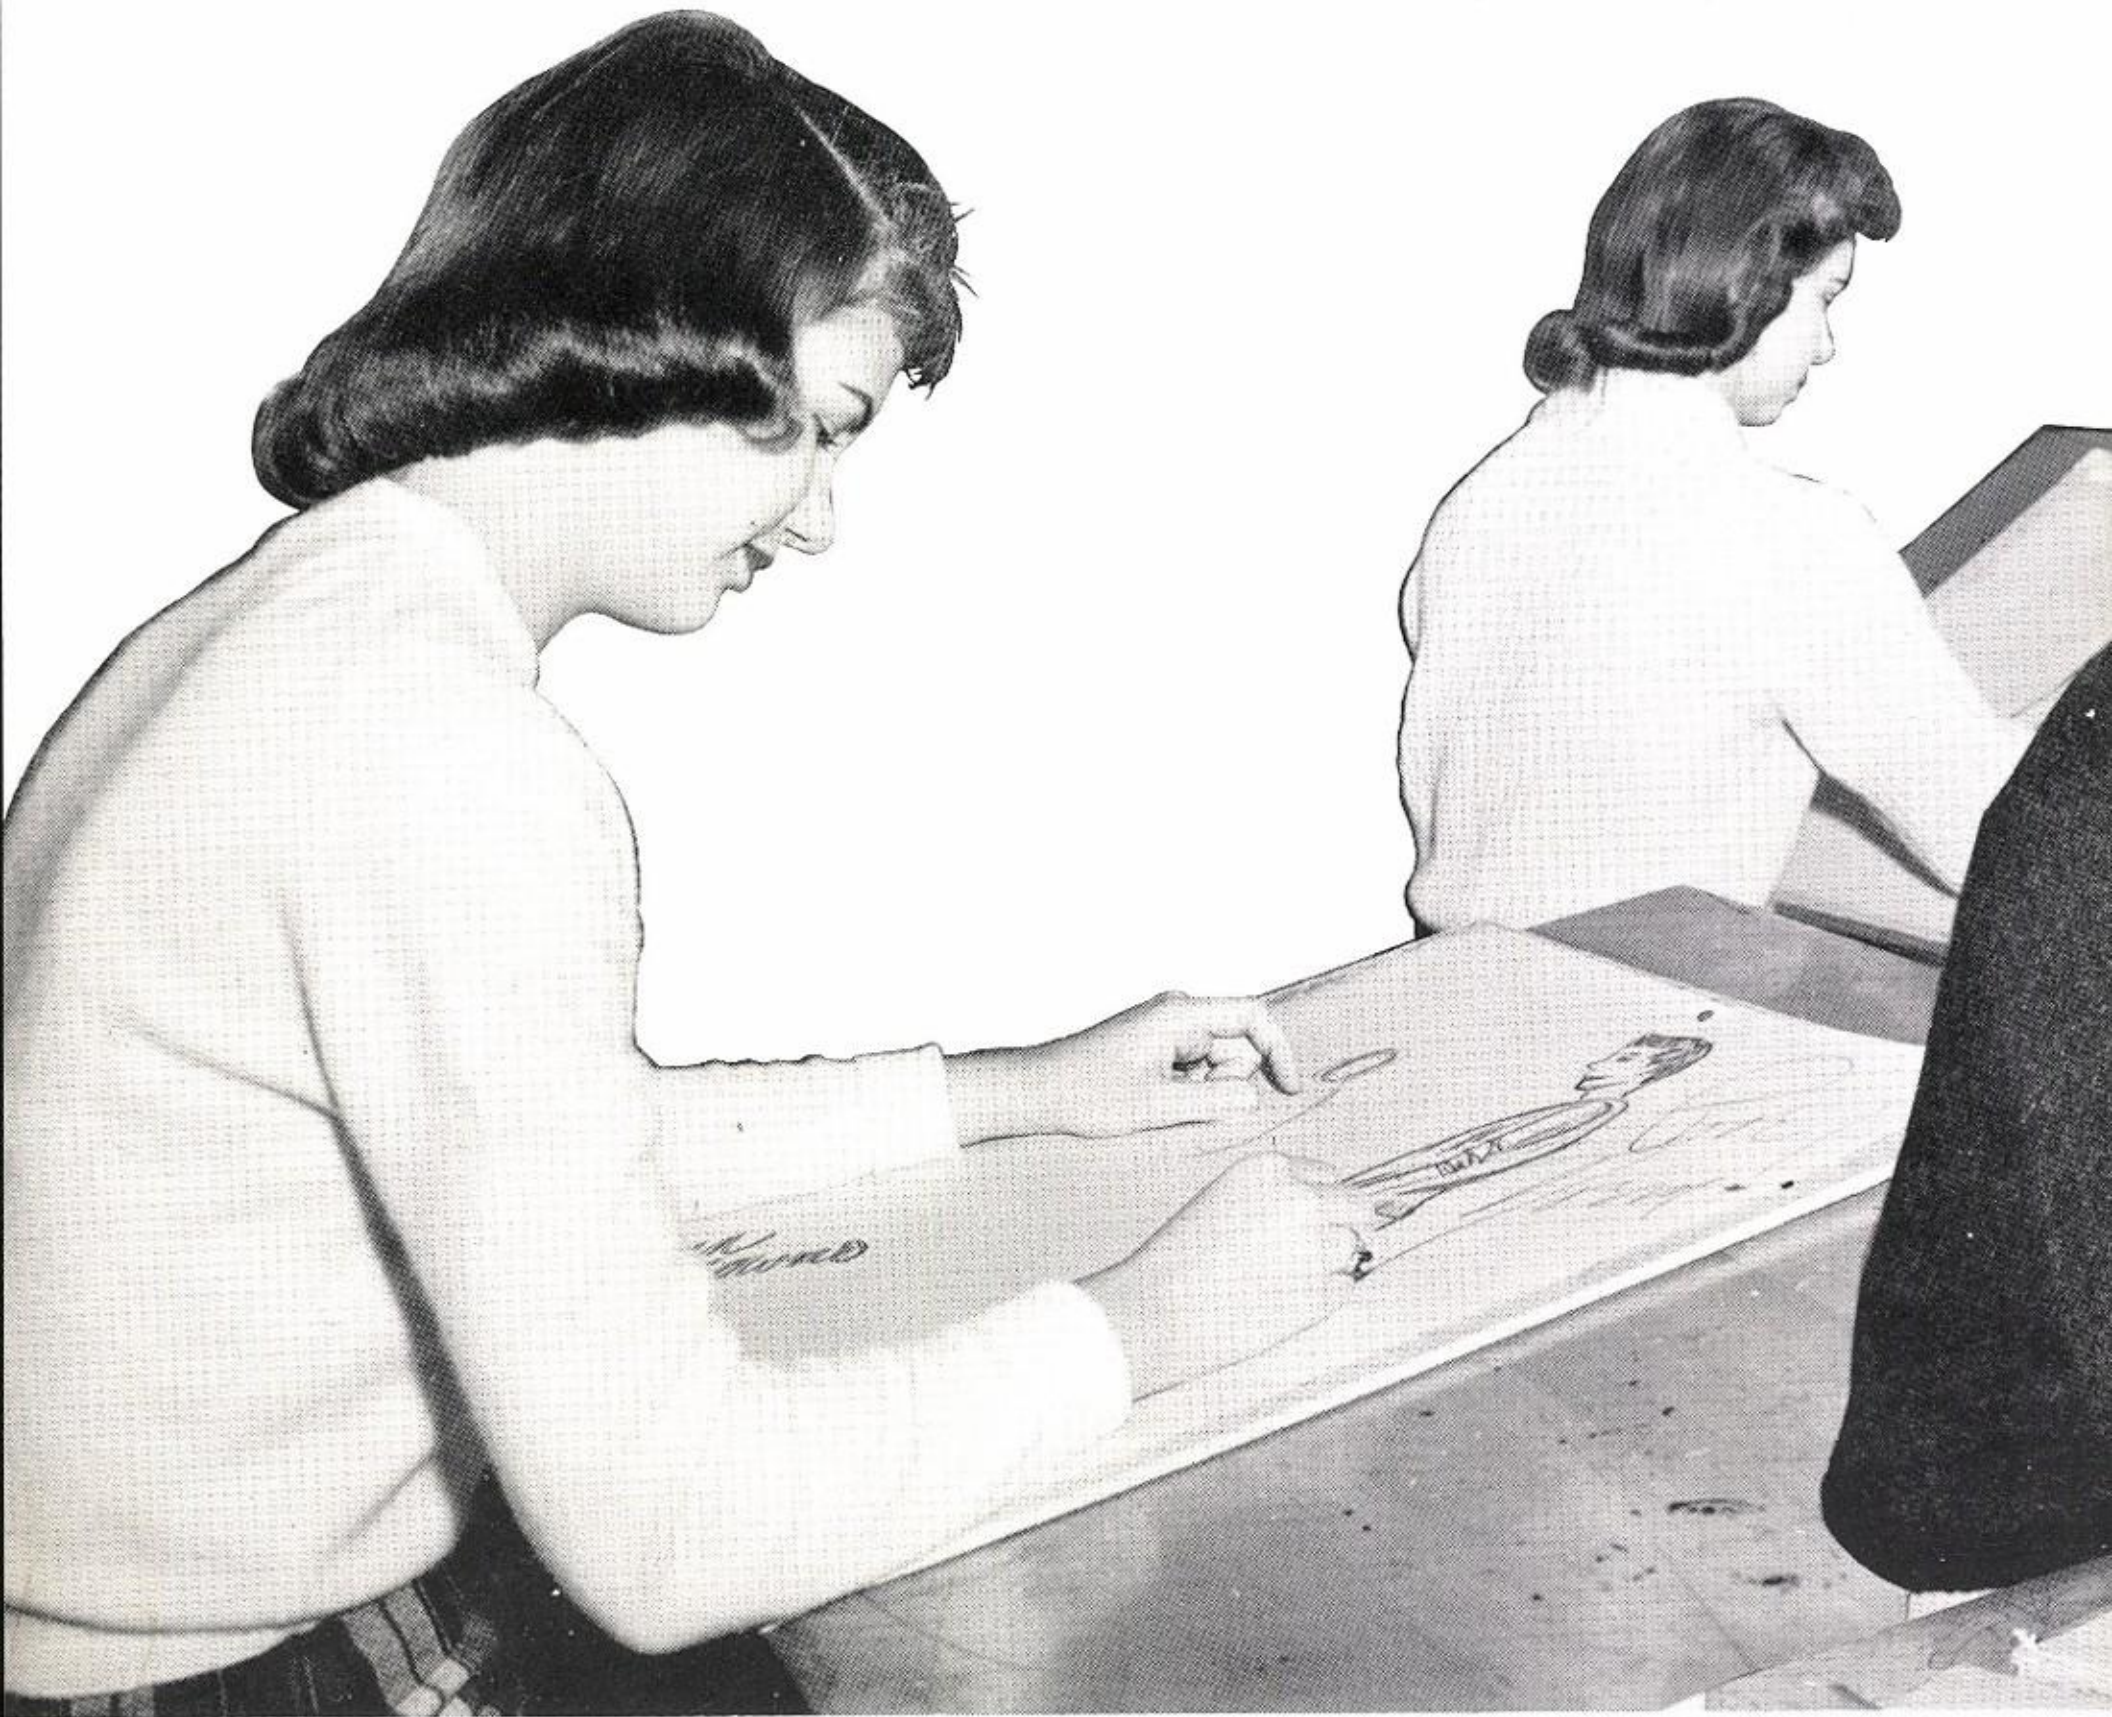

Be it symbolism or skills, theory or practical application, science and mathematics students at Luther are developing a foundation for a better understanding of the scientific world in which they live. As students in science or math, we are part of 65% of the student body

enrolled in each of these areas. Many of us are enrolled in a three or four year program with the hope of pursuing our interests and abilities further in colleges and universities.

WE EXPRESS OUR CREATIVITY

THROUGH THE ARTS

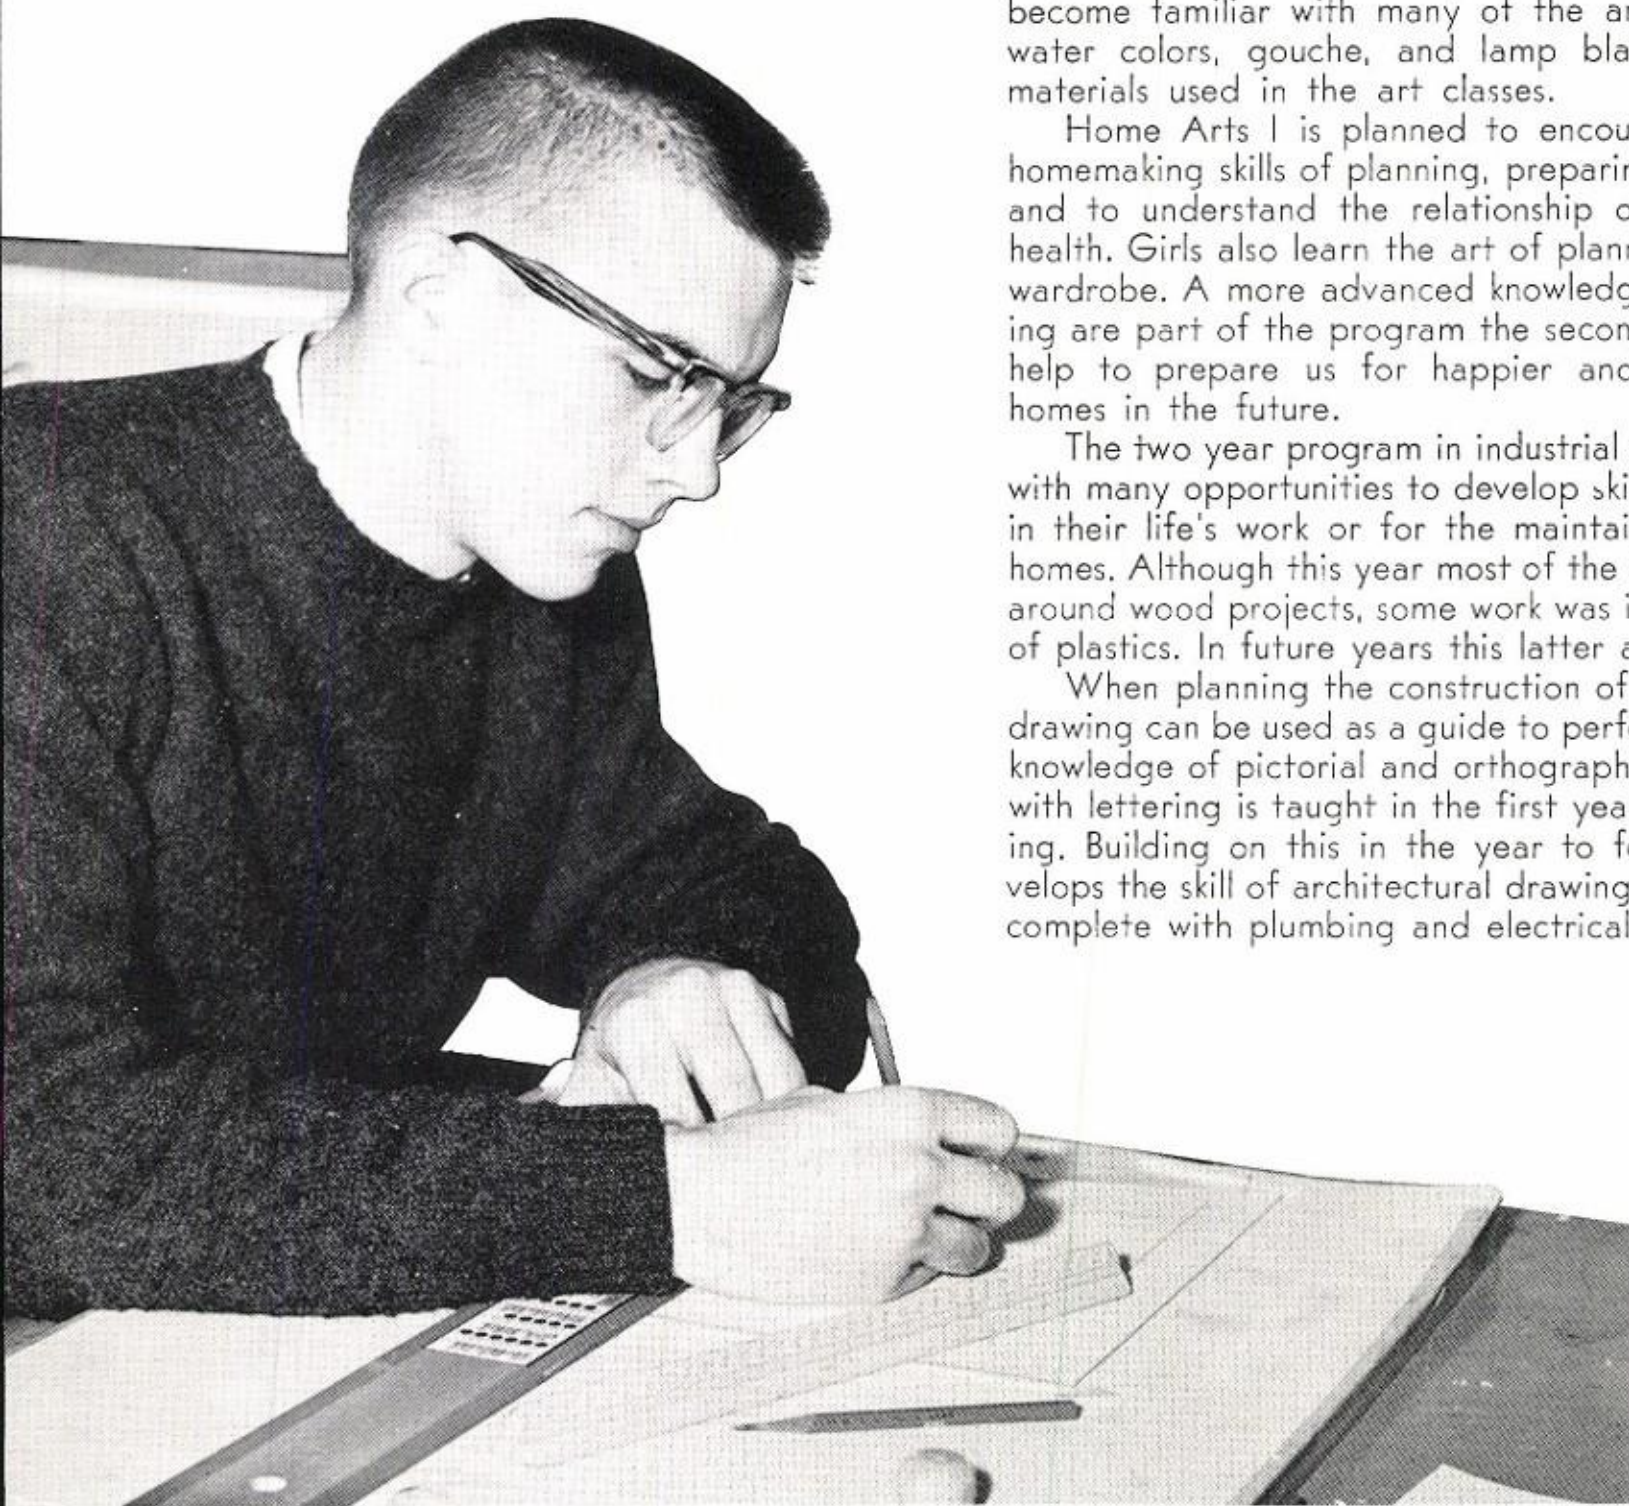

In the area of the arts, Luther South offers students opportunities in Art, Home Arts, Mechanical Drawing and Industrial Arts.

Placing ideas, thoughts, and emotions on paper in the form of illustrations requires skill, imagination, and knowledge. Luther's two year sequence in art enables students to become familiar with many of the art media. The use of water colors, gouche, and lamp black are some of the materials used in the art classes.

Home Arts I is planned to encourage girls to acquire homemaking skills of planning, preparing, and serving meals, and to understand the relationship of nutritious meals to health. Girls also learn the art of planning and making their wardrobe. A more advanced knowledge of baking and sewing are part of the program the second year. These courses help to prepare us for happier and more God-pleasing homes in the future.

The two year program in industrial arts presents the boys with many opportunities to develop skills which will be useful in their life's work or for the maintenance of their future homes. Although this year most of the boys' efforts centered around wood projects, some work was introduced in the area of plastics. In future years this latter area will be extended.

When planning the construction of an object, a detailed drawing can be used as a guide to perfection. A fundamental knowledge of pictorial and orthographic drawings combined with lettering is taught in the first year of mechanical drawing. Building on this in the year to follow the student develops the skill of architectural drawing by designing a home complete with plumbing and electrical wiring.

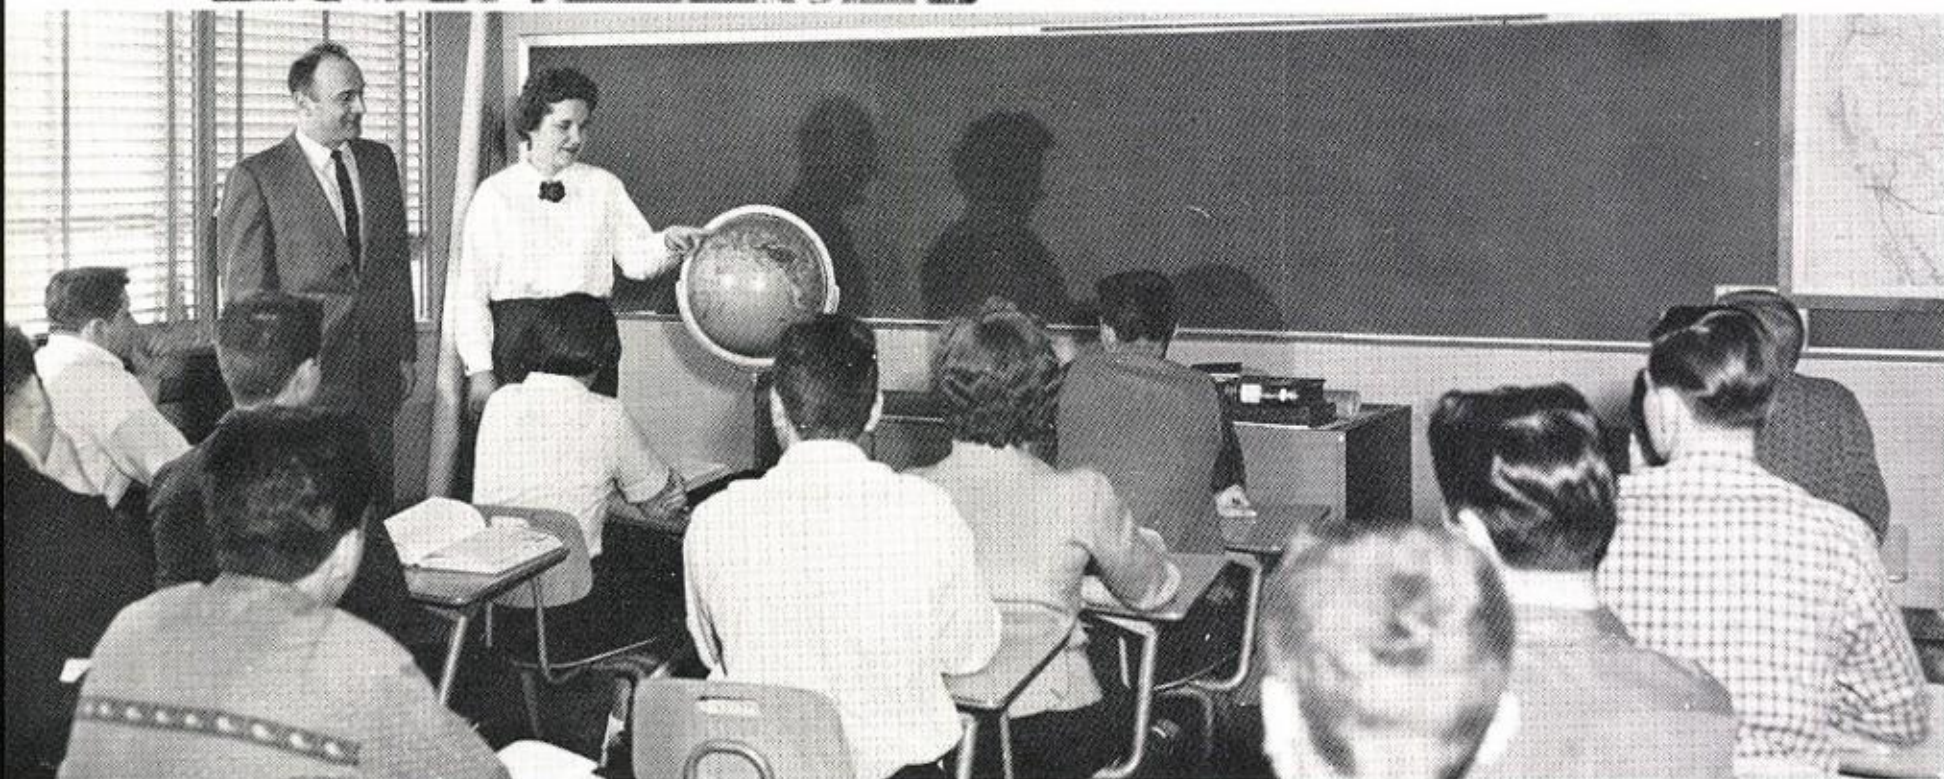

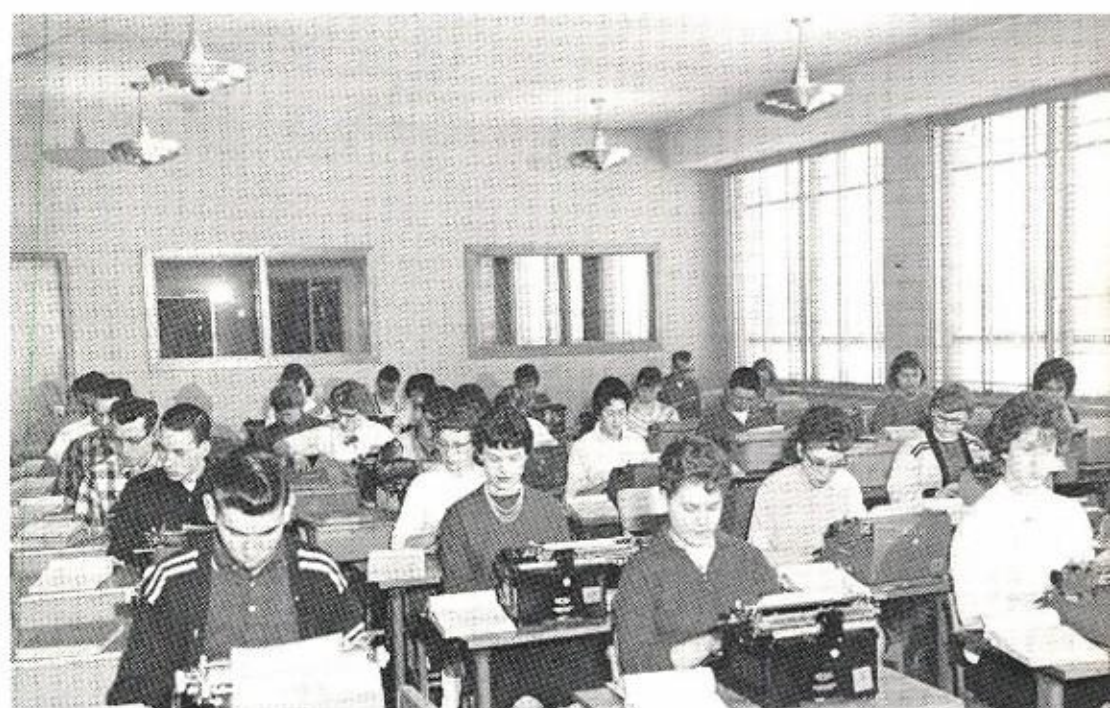

KEY TO THE FUTURE

Some of the most rewarding courses offered here at Luther South are in the area of Social Studies. Here, such topics as the origin of man, the nature of the land on which we live, and the problems confronting past, present, and future generations are taught from a Christian point of view.

The subjects included in this section are: world history, geography, United States history, sociology, and problems of democracy.

All of these courses extend over a full school year, except sociology and problems, which are one semester courses. These are taken in the senior year and help prepare us to meet the demands that will be made upon us in the future, in our homes and families, and in our roles as citizens of the United States.

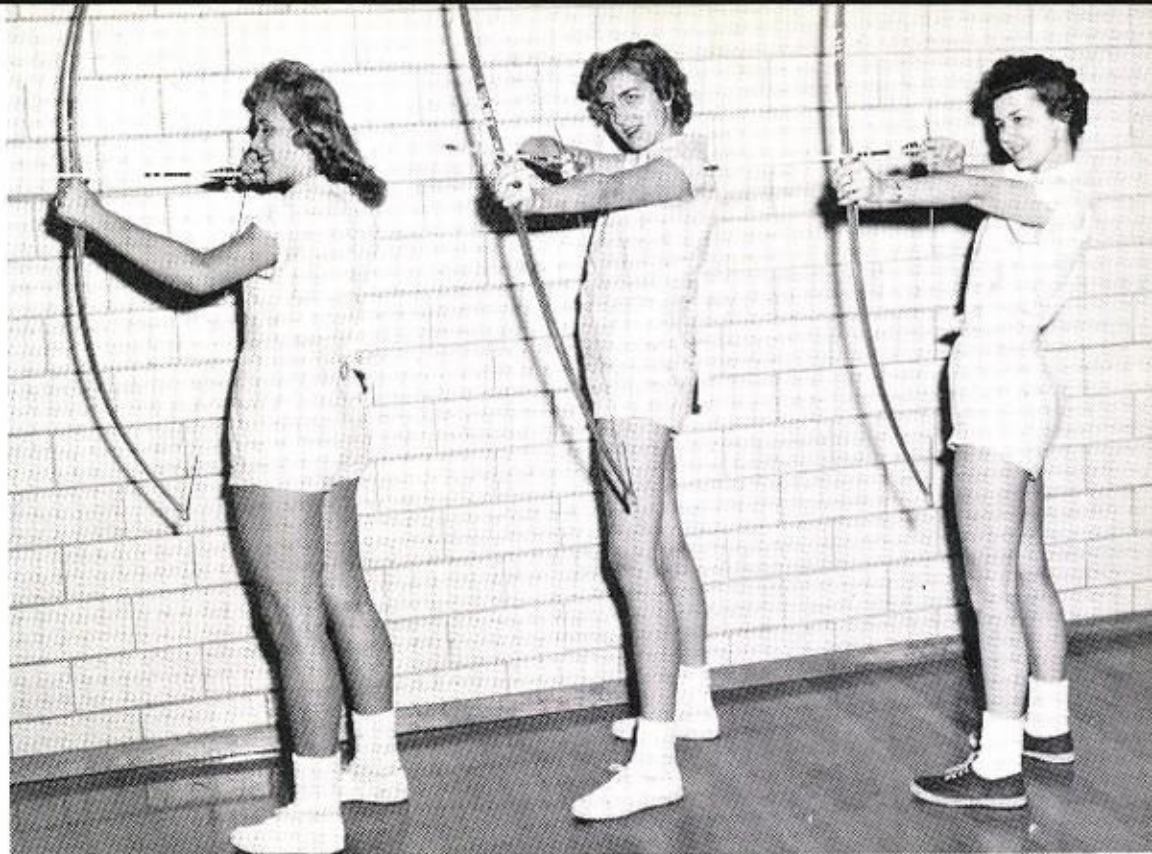

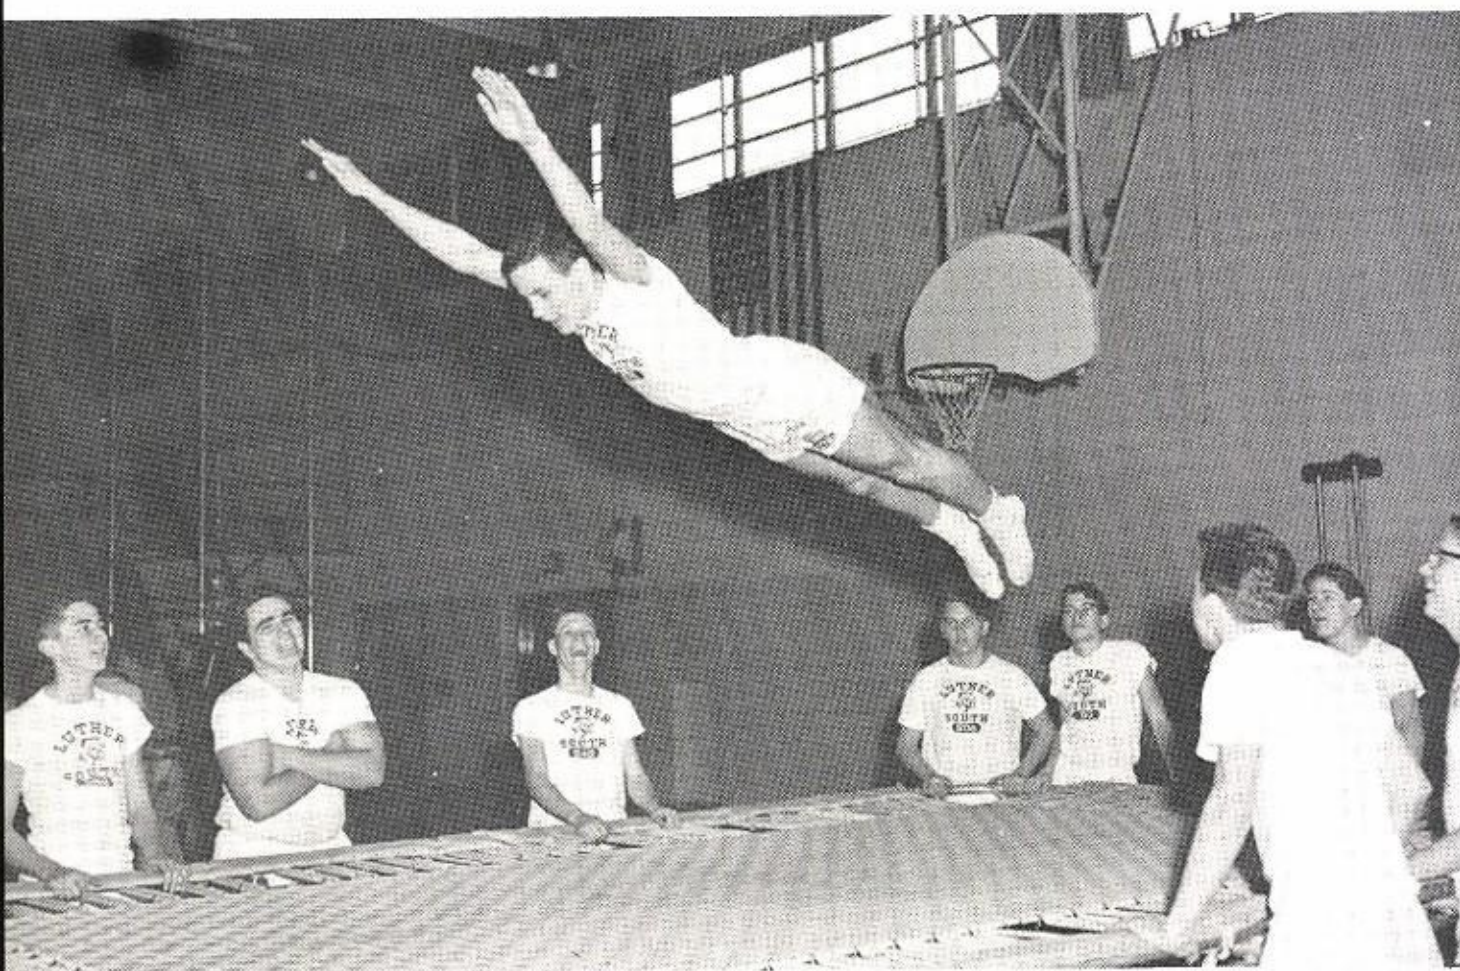

PREP SCHOOL

The secretary of tomorrow, having graduated from Luther, will be reasonably well prepared to meet any crisis that may face her in the business world. As a sophomore, she learned to operate that indispensable machine, the typewriter, and to adjust to many of the problems generally found in business. When a junior, she started learning the necessary skill of a good secretary—shorthand. She also acquired knowledge in bookkeeping. During her final year at Luther, she completed her business training by polishing her shorthand skill and learning to type letters directly from notes.

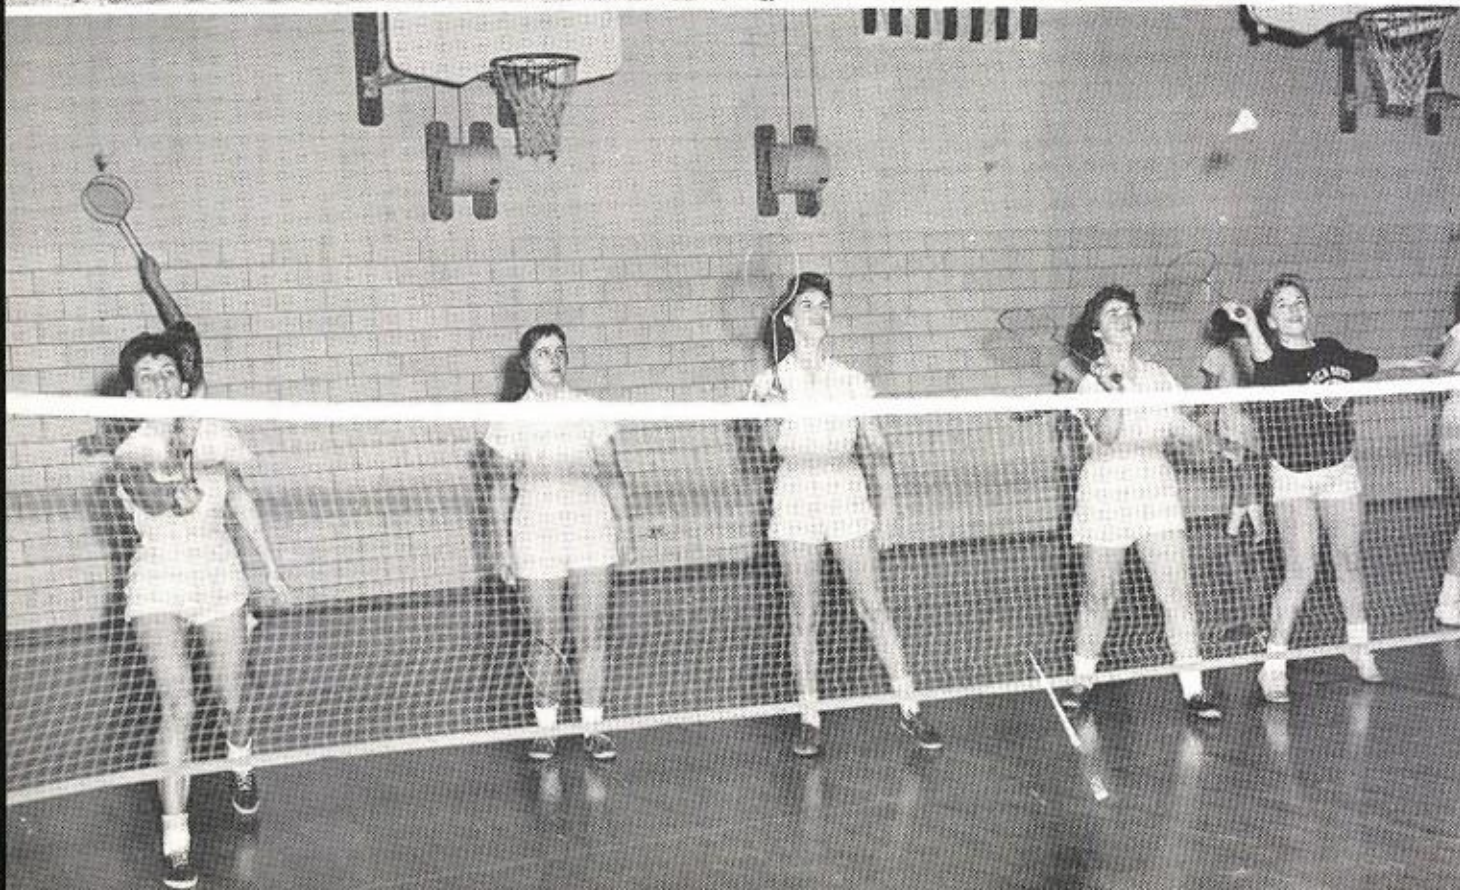

Although a secretary uses a typewriter mainly, she must learn to use other machines also. While taking Office Practice, the mysteries of business machines such as the comptometer, the dictaphone, and mimeograph were revealed to her, along with many office procedures.

A CHANGE OF PACE

Like the rest of our fast moving world, student life here at Luther is hurried and hectic. Perhaps this is why it is such a delightful change of pace to quickly jump into your white shirt and shorts or yellow gym suit, whatever the case may be, and release some of the energy you've been storing up for just such an occasion. Immediately, class room cares are forgotten, as you battle on the volley ball court or wrestle with your best friend. The only complaint you'll hear in the physical education class concerning hurried hectic life, will be when you're left rushing around the locker room desperately trying to be ready before the bell will send you flying to your next class.

ACTIVITIES

"BEHOLD, MY SERVANTS SHALL SING FOR JOY OF HEART" ISAIAH 65:14

The A Cappella Choir, under the direction of Mr. Burmeister, has enjoyed another year of musical experiences. At Christmas time, the choir presented its annual Christmas program. The program, consisting of holiday selections, added to the true spirit of the season for both listeners and members of the choir. The choir also had opportunity to tour Cook County Hospital and the La Salle Street Station singing carols at both places.

During the Lenten season the choir presented another sacred concert. Some of the selections were "Go Tell It On The Mountain", the Easter section of the "Messiah" by Handel, and "Almighty God, God of Our Fathers Immortal".

The Choraliers is a specially selected group who have chosen to meet every morning before school begins. During the year they have visited various churches and church organizations. They have also appeared as an individual group in the various school productions and concerts given at school this year.

The Vocals, a new group this year, is primarily a training group for the Choraliers. It is comprised mainly of sophomores and juniors. The new group made its debut at the Spring Festival.

"WITH A VOICE OF SINGING . . . "

About sixty freshmen this year have participated in Luther's "basic training" choral group—the Freshmen Chorus. This year's group, consisting of both boys and girls, exhibited great promise in their vocal talents, and many may be assured of progressing further in Luther High South's music department.

A new musical organization on the scene at Luther, consisting of about a hundred students, is the Mixed Chorus comprised of both sophomores and juniors. They develop a remarkable ability to blend their voices harmoniously in four part music.

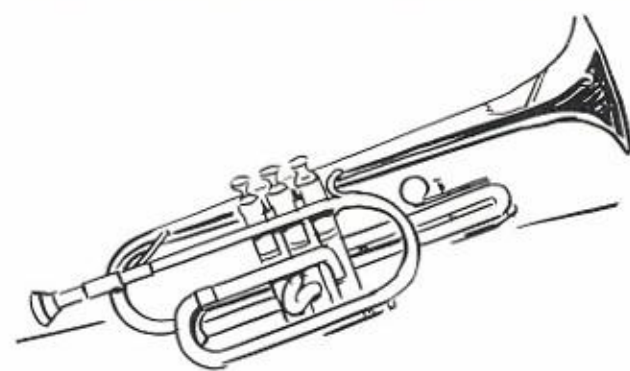

Both of these groups have participated in musical productions staged at Luther, among them, the Christmas program given in December, the Sacred Concert in March, and the Spring Musical in May.

BANDS STUDY MUSICAL STYLES

Considerable emphasis has been placed on musical style during the past year. Such styles as the waltz, folk dance music, tone poems (impressionistic music) and chorales were among those evidenced in the classroom and the public appearances. These included two concerts, the Christmas program and the Spring Musical. Although we enjoy most all of our musical endeavors, we will probably remember particularly "Twelve Days of Christmas" and "The Strauss Pizzicato Polka."

Pep band likewise enjoyed the past year devoting the majority of its time to adding color and enthusiasm to football and basketball games. All rehearsals were held on our own time but the fun we had entertaining as a tyrolienne band repayed us for our efforts.

FOURTEEN VACATION OVER, BACK TO WORK

Friday, December 19, a happy and eager student body left Luther South, anticipating the two weeks of fun and frolic ahead. For some, the vacation was made to distant places, others, outings from out of town.

No one knows better than the editors of the Shield the helpful advice, the patient encouragement, and the great amount of time given by Mr. Pieper, the faculty advisor, to produce a successful Shield; and no one appreciates Mr. Pieper's efforts more than those who have worked closely with him.

To Mr. Pieper: a bouquet of roses and heartfelt thanks.

YELLOW TASSELS HONOR GRADUATES

The final honor bestowed upon senior members of the National Honor Society is the privilege of wearing the yellow tassel at the graduation ceremonies. The privilege is one earned by four years of high scholastic standing, character, leadership and service to the school. Members are selected for the organization in keeping with the national organization standards and are chosen by the faculty members.

"SPECIALS" KEEP COUNCIL HUMMING

The Student Council consists of elected members from each of the classes. This year has found the members busy in many varied tasks and "specials" for the benefit of the student body. First of all, midst freezing rain and biting wind, the activities of Homecoming weekend were sponsored by the Student Council. In November, three members of the council attended the National Lutheran Student Council Convention held in Detroit. Later, the Third Annual Dress-Up Day was held, with all students parading in their finery. Before the Holidays, the homerooms, under the direction of the council, prepared Christmas baskets of food for needy families. This year's chocolate drive was held under council auspices, and an Open House program was conducted for incoming freshmen. The year was concluded with a Charities Drive to collect funds for Lutheran charity organizations; and, as a grand finale, the council presented the annual Spring Varieties.

LIBRARIANS

Regardless of what time it is during the school day, the library is always humming with industrious activity. During the course of the day many of the students find that their paths will lead to this popular place. Perhaps they come for a meeting in the conference room, for reference work, or just for browsing through some of the interesting books. Of course, such a busy place must be run effectively. The student librarians, under the supervision of Mr. Visscher, do their bit to help the students get the full benefit of the library facilities.

A.V.A. HELPS STUDENTS

Putting difficult problems into pictures can ease the burden of the student considerably. This is the purpose of the audio and visual aids. Under the direction of Mr. Israel, twelve boys devote their study period every day to the showing of films and slides and the operation of the phonograph, and tape recorders. Before joining they must take an examination and be able to make minor repairs.

LUNCHTIME LEADERS

Elected by the student body of the previous year, the council maintains order in the cafeteria. Eight of the members supervise during the lunch period and bring any complaints to four other members who pass any judgement necessary. The council's function is also to encourage self-discipline on the part of every individual to lead a Christian life in action, word, and deed.

GIRLS,

Bringing girls closer together through sports is the aim of the G. A. A. This club consisting of 250 girls has engaged in many sports over the last school year. Twenty-two bowling teams, sponsored by Coca-Cola, bowled for twenty weeks in competition with each other. Volleyball and basketball are played on Fridays after school in the gym. The Mother and Daughter Banquet was held on May 17, at the Beverly Woods Restaurant at which time awards were presented for achievements during the year. The club also sold mums at Homecoming and sponsored Mom's Night in Basketball.

With Miss Kershner as sponsor, the girls enjoyed a year filled with good times and sportsmanship which will be a lesson well learned for later years. G. A. A. has been said to be a "second gym period, without exercises" with all the fun and enthusiasm of Christian girls in competition with each other.

SERVANTS OF GOD & MAN

There are three groups of students at Luther South who are organized for the purpose of co-ordinating the religious activities of the students.

The Chapel Committee, under the direction of Pastor Spaude, plans the various chapel services conducted here at school. On Tuesday and Thursday mornings the students are directed to their places in these chapel services by the members of the Ushers Club.

The Altar Guild assumes the responsibility of the orderly operation of the meditation chapel, keeping it supplied with devotional booklets, candles, and on occasion flowers.

Luther's chess club has been started this year by nineteen industrious students. The skill and concentration required in the game is taught to newcomers and improved upon by regular enthusiasts. The club spends most of its time in inter-club competition; however, the highlight of the year was a victory against Luther North.

Did you ever try to remember all those settings on your camera and how to use them? This and many other problems related to photography were among the goals of the members this year. But this is not the entire picture. After the efforts of taking, the pictures came the thrills of developing and printing, sometimes getting a perfect print and at other times a complete blank. Whatever the results, however, we enjoyed every minute of it and learned a few things we can use next year.

EVERYTHING IN AN ORDERLY WAY

Everyone is familiar with the hall guard. He or she is the obstacle lurking in the halls challenging every passer-by. Should you be the venturesome person without a pass your destination would be the office. But then we all recognize the need for good order.

Another organization lending assistance to the orderly operation of the school is the Service Club. Although the members are recognized by the students primarily as parking attendants, they also render service in the gym by arranging the chairs and other facilities for chapel and school assemblies.

A HAVEN FOR SPORTSMEN

Though there are many ways to participate in athletics at school, the Sportsmen's Club holds various sports activities merely for enjoyment. During the past year, many interesting, and sometimes unusual outings were planned. Last fall, the members dressed in their worst and headed out on the Hobo Hike, and later participated in horseback riding. A wienie roast and picnic at Maple Lake was also part of the fun. While winter snows and winds swept over Chicago, the many winter sports were sampled. At Bluff Lake, ice fishing was the bill of fare for the hearty members. Ice skating, sleigh riding, and tobogganing were enjoyed by those courageous enough to appear. When the smelts began to run this spring, many nighttime excursions produced a supply of smelts for the final fish fry and the rounding out of a good year.

As members of the art club we find opportunity to express ourselves in a constructive manner. RAIN DAMPENS HOMECOMING QUEEN'S REIGN

Homecoming events of 1959 took place in a setting of rainy weather and slushy mud puddles. The large turnout of students, with their spirits undampened, cheered vigorously around the blazing bonfire for their football team, who at this time were resting peacefully at home for Saturday's big game. Gathered about the concession stand everyone waited with chilled anticipation for the announcement of this year's queen. The student body's choice for this year had been Lynn Schwartz. Attending her would be Judy Michalski and Pat Laverty.

Saturday was the big game. While the players plodded across the field cheers sprang from the confetti covered bleachers filled with shivering students, parents, and alumni. At half time decorated floats and cars paraded across the field but none drew more attention than the senior float for upon it rode the queen, her attendants, and their escorts.

The climax of the weekend was reached that evening. After the alumni tea students assembled in the gym for the crowning of the queen. After a bit of entertainment and refreshments another homecoming had been written into the history of Luther South.

ATHLETICS

RED AND WHITE, FIGHT, FIGHT

The Cheerleaders always seem to put hope back into the crowd just when everything seems to go wrong at a sports event. The support that the basketball and football players receive from their audiences can bring about a win or a loss. This is the main job of the cheerleaders at Luther High School South.

The cheerleaders spend hours in memorizing and co-ordinating cheers; they spend many exciting moments in the chill wind and frost of the November air; they spend many minutes stirring up enthusiasm at pep assemblies. For these reasons, we should tip our hats to the cheerleaders of our school. One of the most exciting days in their lives as cheerleaders was their first appearance in new red and white uniforms.

Despite the wholehearted efforts of the 1959 football coaches, Mr. Schramm and Mr. Visscher, the varsity Braves brought home only one victory. However, it can be evidenced by comparing the first and last two games that remarkable progress was made during the season. The team struggled long and hard on the sometimes muddy and other times freezing field in efforts to prepare to meet their opponent.

Those recognized for remarkable performance this year are: Jan Krueger and Ron Carlson, second team All-Conference; and Bill Burgoyne, Art Shiemann, and Ken Schubert, Honorable Mention All-Conference.

Coach Schramm, who for the past seven years has built men of good minds and sound bodies, is this year leaving our football coaching staff on which he has served diligently. Mr. Schramm expressed his wish that his successor will have the best fortune and he hopes that his former athletes will be as devoted to the new coach as they were to him. We would like to express our heartfelt gratitude to you, Coach Schramm.

LUTHER SOUTH'S HOOP ARTISTS

This year's varsity basketball team had a record of nine wins and fifteen losses. In conference play, our record was four wins and eight losses. Winding up the season, we were able to acquire fourth place in the Private School League Tournament.

Although many of the team members will be graduating this year, a great many talented players will be returning, with a season's experience to support them. Throughout the season, many thrills and exciting moments kept the fans glued to their seats as they watched our Braves battle toward the basket.

This year, our varsity Braves donned new, vivid, red and white uniforms, adding a modernistic touch to the familiar surroundings in the gym.

WHY SELL CANDY BARS?

Track had an exciting season last spring. Out of fifteen areas of competition, ten records of previous years were broken. This is an outstanding achievement in track records. High man on the team was Danny Klaub, with 102 points; next in line was Wayne Paeth, with 65 points.

Track gives boys the opportunity to show their individual skills in jumping hurdles, running dashes and relays, and high and broad jumping. The shot put, discus, and pole vault are other activities open to team members.

LOVE AND DEUCE

From the ancient Greeks to the students at Luther High School South, tennis is a popular spring sport.

This past year Luther South had the best team in the history of our school. Especially outstanding were the doubles matches played by Dan and Dave Roth. They showed good team work and co-ordination on the courts.

The entire team displayed good sportsmanship and true school spirit. The team looks forward to an even better year and would like to see more student participation in coming years.

FORE!

When the season turns to spring, and the weather is bright and balmy, sporting interests turn to golf and the great outdoors. This past year our team participated in four meets and entered both the Wisconsin-Illinois Tournament and the Private School League Tournament.

good

Dear Chrystal,

I'm glad we got to know each other this year because I know we had much fun through the year & don't have to tell you to be good, because you'll always be that way. I hope you every wish and dream come true. Because you deserve everything. You're a real swell & cute "chick". I hope we remain the best of friends always. I ~~don't~~ hope you have a nice summer & come over sometime & bring "Glenn"! Lots of luck & be good.

Love ya!

Judy.

Chrystal,

I've really had fun knowing you. Good luck in all you do.

Love
Pat

To that girl who flunked her Biology test, best wishes & good Luck

Craig

You're a real sharp kid.

Keep up the good work in school & I'll see you next year.
